FROM: Derek Hawley  
Product Manager, Axial and Inline  
DATE: September 18, 2018  
SUBJECT: Model AER Updates

## Change is in the AER™ – New Sizes

Greenheck's direct drive sidewall propeller fan, model AER, product offering has expanded! We have introduced two new larger sizes, 42 and 48, available in CAPS® 4.27.

The model AER is available in sizes 20 thru 48 with capacities up to 47,000 cfm and 2.75 in. wg. All sizes offer the Vari-Green® drive up to 10 HP.

*Model AER-48*

Quick Build Program:

- AER sizes 20, 24, 30, 36

For questions about our AER product offering, contact your regional salesperson or email [fans@greenheck.com](mailto:fans@greenheck.com).
