

TO: Greenheck International Representatives
FROM: Gina Loeffel, International Marketing Specialist
DATE: Tuesday, April 17, 2018
SUBJECT: AMCA Licensed BSQ-M and SQ-M

In the CAPS 4.26 update, released to rep partner on April 16, 2018, Greenheck India's models BSQ-M and SQ-M are now AMCA licensed for Sound and Air Performance. AMCA Sound and Air certification assures that the product line performs according to the manufacturer's catalog and selection software, minimizing project delays and expensive field adjustments to the ventilation systems.

With BSQ-M and SQ-M AMCA Sound and Air Performance certification, you can be sure to receive a quality, third-party certified product for clean air applications where space and installation flexibility are prime considerations.

If you have any questions, please contact your Regional Sales Manager.
