SUBJECT: Greenheck Group Receives 2019 Manufacturer of the Year Award

We are pleased to share with you that Greenheck Group has been selected as the 2019 Wisconsin Manufacturer of the Year.

The Wisconsin Manufacturer of the Year Awards program, in its 32<sup>nd</sup> year, recognizes the successes of manufacturers throughout the state. Companies are evaluated in areas such as financial growth or consistency, technological advances, product development, environmental solutions and sustainability, operational excellence/continuous improvement, commitment to employees, and effective research and development. Award winners are selected by an independent panel of judges.

This is the fourth time we have received the Wisconsin Manufacturer of the Year Award in the Mega Category where the state's largest corporations compete. The company was also recognized for this prestigious award in 2004, 2012 and 2016.

The Greenheck Group is comprised of three entities: Greenheck, Unison Comfort Technologies, and Accurex. Our success would not be possible without you, our valued Greenheck rep partners.

Thank you for your continued sales effort!
