SUBJECT: Additional Greenheck Kitchen Ventilation Systems
Communication Material

Last month we responded to many requests from our reps for talking points or messaging that you can share with your engineers and contractors on Greenheck kitchen ventilation systems.

In response to requests for additional messaging for your use to email or mail your engineers and contractors, we have drafted a letter and document titled, "Four Good Reasons to Specify Greenheck Kitchen Ventilation Systems."

Download the [letter](#) and [document](#).

Additionally, we created a new kitchen ventilation system flyer that describes what sets Greenheck apart from other kitchen ventilation manufacturers. [Download the flyer](#). We suggest you send this flyer to your customers as well.

Finally, Greenheck kitchen ventilation systems content on greenheck.com is now live. [Access product information, literature and more!](#)

Please be sure to contact us if we can be of service and thank you for your continued sales effort!
