

Bulletin: 67-21

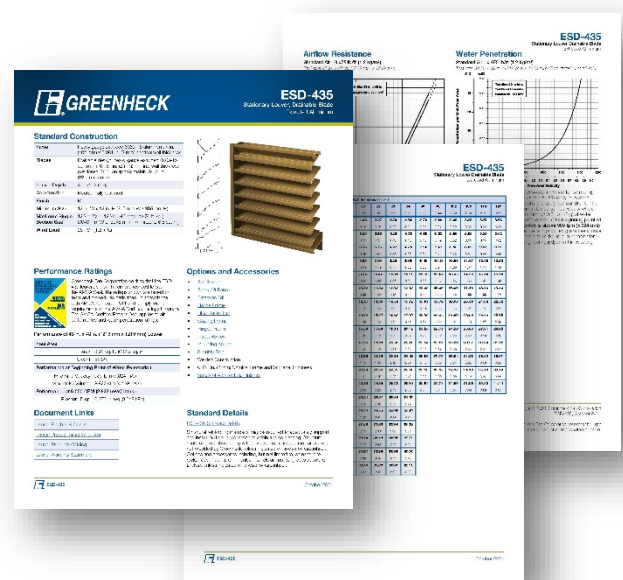

TO: All Greenheck Representatives
 FROM: Andy Jackson, Product Manager, Louvers
 DATE: November 29, 2021
 SUBJECT: Enhanced Louver Submittals

Many of our louver models will have a new, modern, static submittal. We are implementing the new submittals in phases. The models listed below are in Phase 1 as part of the December 6 CAPS® 4.37 release. These submittals are available on Greenheck.com.

Louver Models Included in Phase I of Submittal Updates

ESD-202	ESJ-202	EHM-601
ESD-403	ESJ-401	ESID-430
ESD-435	ESJ-602	FSJ-402
ESD-603	ESK-402	FSJ-602
ESD-6345	EDJ-401	FDS-402
ESD-635HP	EDJ-601	FDS-602
EDD-401	EDK-402	
EDD-601	EDK-430	

We are confident you will find the new format of the static louver submittals pleasing to the eye and far more functional. We added hyperlinks to direct you to the relevant information you wish to see or include with your submittal package(s). These submittals now include links to standard louver head, sill, and jamb details. Additionally, you can easily access any available option or accessory information. You also have a direct link to our Louver Finishes and Colors catalog. We have updated these submittals to include metric measurement units in addition to the English measurement units stated.

We look forward to your feedback on these new static louver submittals. Our intention is to update all of our louver products to the new, modern, static submittal format by Spring of 2022.

Please contact the louver team at louvers@greenheck.com or 800-373-4866 with questions.
