SUBJECT: List Price Adjustment Effective April 4, 2022

As you may already know in the last 12 months, we have seen a significant change in the prices of raw materials. To accommodate this price impact, Greenheck India (GIN) has been adjusting the authorized multipliers.

**Effective April 4, 2022**, Greenheck GIN will implement the list price adjustments in CAPS® v4.38.

We appreciate your understanding with the price adjustments and encourage you to place orders for which multipliers have already been authorized.

If you anticipate any orders being placed after the April 4 effective date, please contact your Regional Sales Managers for necessary re-working.

As always, thanks for your partnership and good selling!
