SUBJECT: Model RV-D Size Expansion

We are pleased to announce an expanded size offering for Greenheck India's model RV-D in the April CAPS® 4.38 release. The expansion includes six additional fan sizes: 225, 250, 280, 355, 450, and 560mm.

Model RV-D is suitable for applications ranging from clean air exhaust to fumes and odors from bathrooms or light industrial applications, even emergency smoke exhaust applications! Contact the factory for more details as our testing is ongoing.

**Performance:** Up to 23,370 cmh (13,759 cfm) and pressure up to 1,343 Pa (5.4 in. wg)

**Construction:** Galvanized with aluminum wheel options

Currently, we are in the process of certifying the expanded model RV-D sizes (225, 250, 280, 355, 450, and 560mm) for AMCA Air/Sound.
