

Bulletin: 14-23

TO: All Greenheck Representatives  
FROM: Jody Meadows, Product Manager, Centrifugal Fans  
DATE: April 10, 2023  
SUBJECT: Model USF Generation 2 Update

I am pleased to announce the Generation 2 USF up to size 24 is now available in the April CAPS® 4.41 release.

Gen 2 USF provides a simplified design incorporating more options and features while also being easier and more intuitive to select and is available to select now with a 20-week lead time.

Additional features:

- Expanded direct drive selections with Vari-Green® up to 10 hp
- VFDs and Controls—factory-mounted or ship loose up to 30 hp
- Inlet box and curb cap mount
- Direct drive galvanized grease fan available with inlet box and curb cap mount
- Low-cost aluminum scroll
- Stainless steel entire construction
- Updated submittal—MOP/MCA and Bearing Life Calculations

Engineering and development are underway on the USF 27-73 to include additional enhancements as well so watch for future updates.

If existing jobs are designed around the Gen 1 USF, we will allow selections to be ordered.

Thank you for your continued partnership in selling Centrifugal products. If you have any questions, please contact the CVI marketing team at 1-888-284-3306 or e-mail [CVImarketing@greenheck.com](mailto:CVImarketing@greenheck.com).
