

Bernard A. Greenheck EDUCATION CENTER

Visitor's Guide

Our dramatically updated Education Center comprises 39,000 square feet showcasing the industry's widest selection of HVAC equipment. Gain invaluable product knowledge from members of our engineering staff who will also answer questions about your particular application needs.

- **Customized Touring**
- **Interactive Learning**
- **One-on-One Time with Greenheck Engineers**
- **Professional Development Hours**
- **And More!**

If you haven't visited our redesigned and expanded **EDUCATION CENTER** plan to do so soon. Contact your local Greenheck rep to arrange a visit.

Explore and learn about the world of air movement, control and conditioning by the [air] industry leader.

Welcome

- Learn about important product applications by viewing simulated and virtual installations.
- Expand your knowledge with working product demonstrations.
- Select the “Best Value” product for your project with new features of Greenheck’s Computer Aided Product Selection program (CAPS).
- Earn professional development hours, accepted by most state licensing boards.
