

Made in the USA Statement

Made in the USA

The “Made in the USA” compliance law applies to product manufactured and sold within USA.

Product exported outside the USA need to conform to laws established by the import country. If special compliance is required for product marking “Made In USA”, provide a copy of the import country law to Greenheck Fan Corporation for review.

The Federal Trade Commission (FTC) states, “There’s no law that requires most products sold in the U.S. to be marked or labeled Made in USA or have any other disclosure about their amount of U.S. content. However, manufacturers and marketers who choose to make claims about the amount of U.S. content in their products must comply with the FTC’s Made in USA policy.”

Greenheck product will not carry a label or offer compliance of import country regulation on “Made In USA”, unless specific details are provided.

Individual project requirements on “Made In USA” will not comply. Import country laws on this topic will prevail.

Buy American Act

For US Government projects overseas, Greenheck qualifies under “Buy American Act”.

Requires a product be manufactured in the U.S. of more than 50 percent U.S. parts to be considered Made in USA for government procurement purposes. For more information, review the Buy American Act at 41 U.S.C. §§ 10a-10c, the Federal Acquisition Regulations at 48 C.F.R. Part 25, and the Trade Agreements Act at 19 U.S.C. §§ 2501-2582.
