# Printing CAPS Louver Submittal Drawings

1. Create your job in CAPS with louver marks
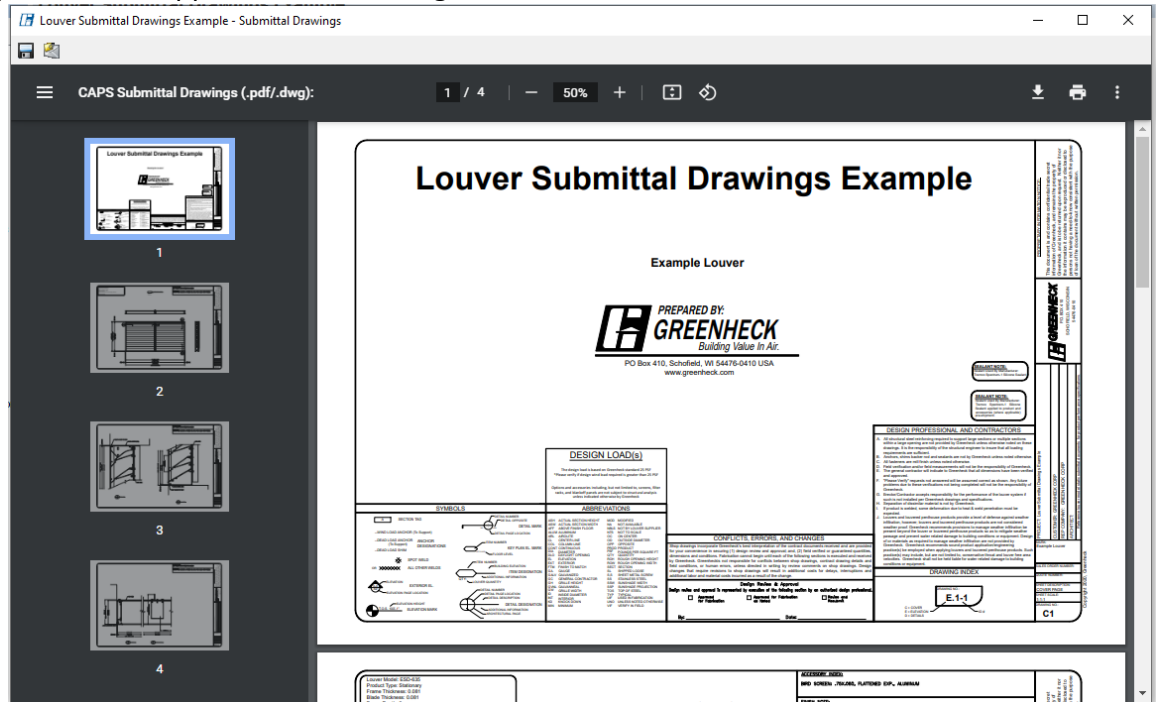

2. Select the job and press the CAD BIM button

3. A pop-up window will appear, select "Submittal Drawings (.pdf/.dwg)" and press OK.
   a. Note: with submittal drawings, you will get both pdf and dwg files

4. You will then be prompted to select the louver mark(s) you would like submittal drawing generated from CAPS. Select the marks with the check mark next to the mark ☑. Press Finish.

5. A PDF preview will appear of the drawings.

6. Upon closing the drawings, you will receive the pop-up below. The pdf/dwg files will be saved as a new folder in the location where the job is saved.
