

Accessories in CAPS®

Accessory equipment is available directly in CAPS!

Many accessories that are commonly used with Greenheck's PRV core product family are available for individual selection directly within the "Accessory" tree in CAPS. Whether for replacement or new installation, check our CAPS accessory page for an easy, stepwise product selection.

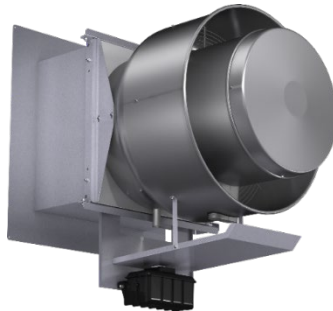

Items such as:

- Wall brackets
- Hinges
- Windband extensions
- Grease containment systems
- Clean out ports
- Vari-Green® controls
- Many others!

...are all available via independent selections!

Wall Brackets

Mounts directly to the exterior wall surface and is available as an individual selection under CAPS "Roof curb and mounting accessories" product tree.

Fan Hinge Kits

Allows a fan to tilt away from a roof or wall base which provides access to the wheel and ductwork for inspection and cleaning.
