NOTES:

1. Do not proceed with project until change(s) indicated above have been approved by the OEM. When deviation is caused by OEM factory design, which does not comply with UL 300 or local jurisdiction guidelines, the Distributor will settle discrepancies with the OEM using the TFPP OEM Coordinator to administer the process.
2. Deviations from the original OEM Purchase Order and/or the original plan submittal, resulting from *Customer, Jobsite Coordinator, or General Contractor changes*, are to be resolved onsite directly with the Job Site Coordinator. Resulting additional charges will need to be negotiated between the Jobsite Coordinator, General Contractor, or Customer, and the Authorized ANSUL Distributor. Neither the OEM nor TFPP will be responsible for costs associated with site changes, and cannot be invoiced for them.
