Importing Dampers Into CAPS®

Greenheck has added the ability to import data from take-off software or Excel into CAPS. Join us for a webinar providing an in-depth look at this new feature. Topics include:

- Step-by-step overview of the functionality
- CAPS demonstration
- Q & A Session

To accommodate your busy schedule, we offer three different times to you may choose (see schedule below). Each webinar is approximately one hour.

Mark your calendar for the time that works best for you. Don't miss out!

Day	Date	Time	Meeting #
Tuesday	July 28	9:30 AM CDT	133 048 4631 Save meeting to Calendar
Tuesday	July 28	2:00 PM CDT	133 262 6450 Save meeting to Calendar
Wednesday	July 29	1:00 PM CDT	133 674 1913 Save meeting to Calendar

It's simple to participate

- Select the date and time of the webinar that you would like to attend
- Log on by clicking on the link <https://greenhecktraining.webex.com>
- Enter the meeting number for the desired webinar and the password
(password – TRzkmVbJ763)
- Sit back and enjoy the class
- Contact Alyssa Knoll at 715-692-6708 if you have problems logging into the webinar.

You may log on up to 5 minutes before the start of the webinar.

Note: This webinar will also be recorded and posted on RepNet and the My Account Portal on greenheck.com.

Please submit questions to dampers@greenheck.com or call 1-800-717-6540.
